COMBINED ANNUAL TRAINING CAMP (CATC), 2020

Dated: 15th August, 2022

The Combined Annual Training Camp (CATC) is organized biannually by each battalion, requiring every NCC cadet from schools and colleges to attend at least once for eligibility to participate in the NCC “B” or “C” certificate exams held annually. This year, 37 cadets from the Government Aizawl North College unit attended the camp held from 3rd to 10th August, 2022, organized by the 1st Mizo Battalion NCC at the State Training Centre (STC), Tanhril.

The camp aimed to impart both theoretical and practical knowledge, covering NCC-related subjects and general awareness. Theoretical classes encompassed topics such as drill, health and hygiene, NCC history, firing, and the basics of field craft and battle craft. Practical sessions included lessons on tent pitching, disaster management, drill, guard of honour, and focused on wing-specific activities. The camp served as a refresher training, providing cadets with essential survival and emergency skills, in addition to other topics. Cadets were introduced to weapons like Self-loading rifles (SLR) and .22 caliber rifles, participating in firing practices on selected days. Cultural and sports events, including contingent drill competition, firing competition, football, volleyball, article writing, public speaking, cultural dance competitions, were integral to the camp. Cadets were also assigned the responsibility of “Dog watch,” requiring selected individuals to perform “Santiri” duty for two hours at any given time of the day.

The concluding day featured a prize distribution ceremony, acknowledging and awarding medals to winners across various activities. Due to the diligent efforts and outstanding participation of the cadets, the Government Aizawl North College unit received the highest number of medals.
