**Organised by Department of English on 16.11.2022**

The resource person for this online lecture was Ms. Sonal Sharma an Assistant Professor at the Department of English, Sofia Girls College, Ajmer, Rajasthan. 20 students and faculty members attended this lecture.

The Speaker expounded the meaning and history of caste system in India and how this ruthless system is still customary in various aspects of the Indian Culture. Since, the Mizo society to which most of the students belong is a casteless society, it is difficult for them to grasp the reality of this caste system. Therefore, the lecture was truly insightful and gives them a better understanding of their prescribed text.
