MESSAGE

I am pleased to have been invited by the Students' Union of Govt. Aizawl North College to write a few words for the 22nd edition of their Annual College Magazine, 'Parfung'.

I would like to reiterate my message to you from last year, especially to those who have just joined college as freshers. Always remember that as students, it is your primary responsibility to devote yourselves to your studies at this crucial phase in your lives. However, many other challenges await you once you graduate and prepare for your careers in the private/public sector or as entrepreneurs and professionals. I am sure you are aware that the job market is saturated with educationally qualified job seekers who graduate each year from the thousands of colleges and universities in our country. It is, therefore, crucial that you use the time you have now as optimally as possible by acquiring a skill or gaining proficiency in some field which could help you stand out from the crowd when you seek employment. Cultivate the eagerness to learn new things in addition to your academic syllabus. In this regard, you have an advantage over your counterparts of yesteryear in that you have access to a universe of knowledge and resources via the internet. Additionally, arm yourselves with the ability to manage your personal finances and to save and invest wisely. This will go a long way in ensuring a financially secure future for yourselves and your loved ones. As you embark on this journey, you shall realize that people who are economically self sufficient are the ones who contribute to the nation building process in a tangible way.

I congratulate the Students' Union of Govt. Aizawl North College for bringing out this magazine. I also convey my best wishes to the teaching faculty and all other staff of the college.

Let's stand together to move forward to achieve our goal.

There was an interactive session where students, teaching and non-teaching staffs had the opportunities to ask various questions pertaining to the theme. This will bring about change, make a difference and be an achiever against all odds. Prof. S. Haukhanlian Mate, Hon'ble Principal of our college, who was the Chief Guest of the function, shared his view on womanhood and encouraged the gathering to recognize the importance of women at home and in the society. REPORT FROM NIELIT STUDY CENTRE

ZOHMINGLIANA, COURSE COORDINATOR

The NIELIT Study Centre of Government Aizawl North College has been running for the last 5 years or so. The Centre has been inaugurated by the Director of NIELIT with a view of promoting Computer Knowledge to the students of the College and to the youths of the neighbouring area. In this regard, I think the untiring efforts rendered by the NIELIT Centre, Aizawl. They have till date been provided us with energetic teacher, Mr Lalruatkima (Makima) and also installed the necessary equipments such as Undisturbed Power Backup system, and 10(ten) Desk top Computer sets so far. We are hoping to be provided with more sets of Desk top Computers in the near future.

The Study Centre is meant to offer to the Students chances of being fully equiped and eligible of employment both in the Government and public sectors by dual qualifications namely that of General Education and Computer education simulteneously when the College education is over. This means that all the students are given chances to complete the required Computer qualification while doing their Bachelor courses, so that as soon as they graduate from the College, they also have the needed Computer certificates, which is now made necessary in the state employment procedure, so that they are fit for employment anywhere in the State.

Mode of Admission :

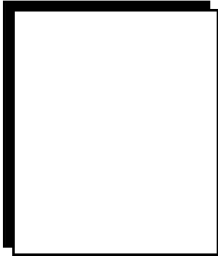

1. Admission into the 3 (three) months course of CCC is opened to all the students.
2. There are 5 (five) shifts of 1 hour each daily. Namely-
 - a) 10:00 am – 11:00 am (shift opened to public)
 - b) 11:15 am – 12:30 am
 - c) 12:45 pm – 1 : 30 pm
 - d) 1 : 45 pm – 2 : 30 pm
 - e) 2 : 45 pm – 3 : 15 pm

3. Examination Fees and Processing charge of rs 650 shall be charged from students, part of which is refundable after completion of the course.
4. Rs 200 (two Hundred) have been imposed for purpose of maintaining the Computer and its peripherals.
5. Admission Forms are available at the Administrative Office during Office hours.

General Report on the running year :

The prevalence of Covid-19 has very much hindered the ongoing course. Actions could not be taken much due to Nationwide lock-douns. As such, it is rather unfortunate to say that the Centre could not produce the number of Computer Certificate holders as we hoped to do. This, of course is beyond what we can do. I do hope that by the next academic year, things would have been different for better ways.

When I look at the OCEAN,

I see serenity,

and when I look at YOU,

I see everything.

For now, its time to say Goodbye.
Farewell may dear Friends.

They said, a Goodbye means going away
And going away means forgetting.
A Goodbye may seem forever;
But, it's not the end.
It simply means I'll miss you
Until we meet again.

UNKNOWN

WE'LL MEET AGAIN

I woke up feeling the same way;
That I did yesterday,
I don't know what these tears would say;
I miss my friend that went away.

I watch the season as they go;
The rain, the sun, the heat, the snow,
I don't know much but this I know;
I miss my friend I miss him so.

I say my prayers, I raise my hands.
I move my feet and when I can, I said, "Help."
Would you help me now?
And lift me up if my legs give out?

'Cause I know that life is short,
And living is the hardest part.
And someplace through the dark,
We will meet and never part.

The calm that comes before the break,
The sun that sets like yesterday.
The good may come, go away,
But bad news waits for you to wake.

We all kneel down before the storm,
When waves come crashing at your door.
I've been down, been down before,
And I have faith, but I need more.

We're specs of dust caught in a whirlwind,
Nothingness behind the curtain.
Life is short, but death is certain.
That will always be our burden.

Free, afraid to follow
If I promise you tomorrow.
See through the dark.
We will meet and never part.

LOVE LETTER

To,

Lavender

When Ellie chu said:

“Love isn’t patient and kind and humble. Love is messy, horrible, selfish and bold. It’s not finding your perfect half. It’s the trying and reaching and failing. Love is like willing to ruin your good painting.”

I have my doubt on it because it’s very different from what my father taught me Which I strongly BELIEVED.

“Love is patient, love is kind. It does not envy, it does not boast, it is not proud. It does not dishonor others, it is not self-seeking, it is not easily angered, it keeps no record of wrongs.”

In all my life I live thinking everyone around me were FOOLS. Fools who romanticise jealousy and claimed that loved is pretentious.

While I think love should always be free like ARTS: to be appreciated for their beauty because love itself is beauty and emotionally powerful.

But then that was until I met you.

Your genteel personality, your flowing, moon shadow-black hair. A pair of arched eyebrows looked down on sweeping eyelashes. Your Enticing, dark and romantic brown eyes gazed and your puffy, blossom soft lips. all mesmerized me. And I’ve become SELFISH. I’ve become IMPATIENT and ROUGH, ENVIOUS, BOASTFUL, DEVIOUS, CRUEL. A strong desire to

MASSACRE anyone you set eyes on. I've become everything's that I once was not: MONSTER maybe or just a mortal, brood of vipers in LOVE. If this is what they called LOVE. Then, I LOVE YOU SO. If not, then let me reinstate from where Lost myself.

The more i look into it. The more I realize that ART is Individual's thoughts, emotion, belief, or ideas through senses. So, there is no definition of LOVE. Nor validation if a person called his/her feelings love. I was WRONG all along. I have no right to dictate nor to judge how one feels.

Forgive me for loving you: in this season, drunk and sentimental. I'm willing to admit a part of me. Crazy and kamikaze. Ripe for anarchy. With all my love. (Everyday, until and after)

Love,

Marlyn
