

A special Cultural harmony programme is organised on 22 March, 2024 at EVS Class which brings 400 students altogether. The organising programme constitutes 10 students from 4th semester from various departments.

In the spirit of fostering communal harmony, the 4th-semester students have organized a cultural day that celebrates the rich diversity of our society. During this event, students from various ethnic backgrounds come together to share the values and traditions that define their respective communities. Let us appreciate this initiative, which promotes understanding, respect, and peaceful coexistence among different religious and cultural groups.

Dr. H. Laldinmawia delivered a valuable speech on the topic of Conflict or Peace. His insights likely encouraged thoughtful reflection and dialogue among the attendees. Such discussions are essential for promoting understanding and finding common ground.

Additionally, the students showcased their talents through singing and dancing. These performances not only entertain but also serve as a powerful medium for conveying messages of peace, love, and understanding.
